Explanation of Variance: FACTORS CAUSING THE VARIANCE:

The FY26 target for number of complaints resolved is 500, or 125 per quarter. During the first quarter of FY26, the agency exceeded its target by resolving 158 complaints. This is due to the efficiency and dedication of the investigative and legal staff.

HOW THE AGENCY PLANS TO DEAL WITH THE VARIANCE:

The agency had 818 pending complaints at the end of this quarter and received 228 new complaints during this quarter. While the investigatory time and resources needed to resolve a complaint vary according to the nature and type of complaint received, the agency believes it will continue to exceed this target assuming it is able to maintain full or near-full staffing level of investigative and legal staff. Additionally, the agency is receiving more complaints than anticipated, which should lead to more resolved complaints, given that the agency was able to hire two new staff attorneys at the beginning of FY26 to help with resolution of the substantive complaints.

Explanation of Variance: FACTORS CAUSING THE VARIANCE:

The FY25 target for number of complaints resolved is 610, or 152 per quarter. During the second quarter of FY 25, the agency exceeded its target by resolving 193 complaints.

HOW THE AGENCY PLANS TO DEAL WITH THE VARIANCE:

The agency had 633 pending complaints at the end of this quarter and received 157 complaints during the first quarter. While the investigatory time and resources needed to resolve a complaint vary according to the nature and type of complaint received, the agency believes it can closely approach this target assuming it is able to maintain full or near-full staffing level of investigative staff. However, roughly 80% of the existing pending complaints have been investigated and referred to the legal division, which is understaffed. Therefore, the agency has requested additional staff attorneys in its 26-27 LAR to address this.

Explanation of Variance: FACTORS CAUSING THE VARIANCE:

The FY26 target for number of complaints resolved is 500, or 125 per quarter. During the third quarter of FY26, the agency exceeded its target by resolving 360 complaints. This is due to the efficiency and dedication of the investigative and legal staff.

HOW THE AGENCY PLANS TO DEAL WITH THE VARIANCE:

The agency had 878 pending complaints at the end of this quarter and received 292 new complaints during this quarter. While the investigatory time and resources needed to resolve a complaint vary according to the nature and type of complaint received, the agency believes it will continue to exceed this target assuming it is able to maintain full or near-full staffing level of investigative and legal staff. Explanation of Variance: FACTORS CAUSING THE VARIANCE:

The FY25 target for number of complaints pending is 500. During the second quarter of FY 25, the agency had 633 complaints pending. Of this amount, approximately 80% of these are substantive complaints that have been sent to the legal division after the investigation has been completed.

HOW THE AGENCY PLANS TO DEAL WITH THE VARIANCE:

The agency needs additional staff attorneys to process the substantive complaints that are referred to the legal division in a shorter timeframe. The agency believes that the average complaints pending will continue to exceed the target of 500 for the remainder of the biennium, even assuming the Council is able to maintain full or close-to-full staffing levels. The agency has requested additional staff attorneys in its 26-27 LAR to address this.

Explanation of Variance: FACTORS CAUSING THE VARIANCE:

The FY26 target for the average time for license issuance is 35 days. In the first quarter of FY26, the agency bested this measure by having an average license issuance time of only 26 days. This is due to the efficiency and dedication of the licensing staff.

HOW THE AGENCY PLANS TO DEAL WITH THE VARIANCE:

The average time for license issuance in FY25 was 30 days. This number has decreased in the first quarter of FY26 due to the dedication and efficiency of the licensing staff. As long as the Council is able to maintain full or close-to-full staffing levels in this division, the agency will continue to meet or beat this target during the 2026-2027 biennium.

| **Quarter 2** | 35.00 | 28.61 | 27.07 | 77.34 % * | 33.25 - 36.75 |

Explanation of Variance: FACTORS CAUSING THE VARIANCE:

The FY25 target for the average time for license issuance is 55 days. In the second quarter of FY 25, the agency bested this measure by having an average license issuance time of only 32 days.

HOW THE AGENCY PLANS TO DEAL WITH THE VARIANCE:

The average time for license issuance for FY 24 was 30 days. This number has remained an average of 30-31 days, due to the dedication and efficiency of the licensing staff. The agency believes that this target will continue to be met or beat during the biennium assuming the Council is able to maintain full or close-to-full staffing levels. Additionally, the agency requested that this target be lowered to 35 days in its 2026-2027 LAR.

Explanation of Variance: Update: FACTORS CAUSING THE VARIANCE:

The FY26 target for the average time for license issuance is 35 days. In the third quarter of FY26, the agency bested this measure by having an average license issuance time of only 20 days. Average YTD for this measure is 28 days. This is due to the efficiency and dedication of the licensing staff.

HOW THE AGENCY PLANS TO DEAL WITH THE VARIANCE:

The average time for license issuance in FY25 was 30 days. This number has decreased in the first quarter of FY26 due to the dedication and efficiency of the licensing staff. As long as the Council is able to maintain full or close-to-full staffing levels in this division, the agency will continue to meet or beat this target during the 2026-2027 biennium.

Explanation of Variance: FACTORS CAUSING THE VARIANCE:

The FY26 target for the average time for complaint resolution is 375 days. In the first quarter of FY26, the agency bested this measure by having an average processing resolution time of 310 days. This is due to the efficiency and dedication of the investigative and legal staff.

HOW THE AGENCY PLANS TO DEAL WITH THE VARIANCE:

In FY25, even with the dedication and efficiency of the enforcement and legal staff, the agency needed additional staff attorneys to process the substantive complaints that were referred to the legal division in a shorter timeframe. The agency has been able to hire two new staff attorneys at the beginning of FY26 and believes that as long as the Council is able to maintain full or close-to-full staffing levels in this division, the agency will continue to meet or beat this target during the 2026-2027 biennium.

The FY25 target for the average time for complaint resolution is 625 days. In the second quarter of FY 25, the agency bested this measure by having an average processing resolution time of 288 days.

HOW THE AGENCY PLANS TO DEAL WITH THE VARIANCE:

The average time for complaint resolution for FY 24 was 312 days. This number has now slightly decreased to an average of 294 days. Even with the dedication and efficiency of the enforcement and legal staff, the agency needs additional staff attorneys to process the substantive complaints that are referred to the legal division in a shorter timeframe. The agency believes that while this target on average will continue to be met or beat during the biennium, the quarterly average may begin to increase, even assuming the Council is able to maintain full or close-to-full staffing levels. The agency has requested additional staff attorneys in its 26-27 LAR to address this. Additionally, the agency has requested that this target be lowered to 375 days in its 2026-2027 LAR.

1. Respondent's license is SUSPENDED for a period of three (3) years from the effective date of this order. However, the three (3) years of suspension shall be PROBATED, so long as Respondent complies with all state and federal statutes and regulations pertaining to the practice of marriage and family therapy. Although the probated suspension ordered herein will result in Respondent's license being restricted, Respondent shall take all steps necessary to renew and maintain Respondent's license while this order is in effect. Respondent's license shall remain on restricted status until all terms of this order have been satisfactorily completed.

2. Respondent, within thirty (30) days of the date this order is ratified, shall complete and submit proof of completion of six (6) hours of professional development relating to boundaries. This professional development is in addition to the professional development hours required for license renewal. Respondent will pay all costs of the coursework.

3. Respondent shall be prohibited from working with minor clients.

4. Respondent shall be required to practice under the supervision of a practice monitor for a period of three (3) years from the date this order is ratified. Respondent shall, within fourteen (14) days of the date this order is ratified, submit to the Council or its designee for approval the name and qualifications of a marriage and family therapist supervisor who has agreed to serve as a practice monitor. The Respondent must submit a copy of the practice monitor's CV and receive written approval from the Council, or its designee, before any of the practice monitoring Respondent receives may be acceptable to meet the requirements of this order.    Once approved, the practice monitor shall submit to the Council or its designee a monitoring contract and plan by which Respondent's practice shall be monitored for compliance with ethical and legal practice standards, as well as the terms of this Order. Monitoring shall consist of at least one (1) hour of individual face-to-face meetings every week. The Respondent shall provide the practice monitor with a copy of this Order and access to Respondent's records. Respondent shall execute a release authorizing the practice monitor to divulge any information the Council or its designee may request.

It shall be Respondent's responsibility to assure the practice monitor submits written reports to the Council or its designee on a quarterly basis verifying that monitoring has taken place and providing an evaluation of Respondent's performance. At the Council's discretion, if any of these reports provides sufficient concern, the Council may impose further monitoring requirements and/or take other appropriate actions to ensure the safety of the public.

In the event Respondent's monitor indicates that Respondent is fit to practice marriage and family therapy, but makes recommendations concerning reasonable steps Respondent must or should take to enhance or maintain Respondent's fitness to practice marriage and family therapy, Respondent shall comply with any and all recommendations made by Respondent's monitor. If Respondent refuses or fails to follow the recommendations, Respondent agrees that Respondent's license shall be SUSPENDED, without further hearings, informal settlement procedures, or any right of appeal for judicial review; pending further review of Respondent by the Council, or its designee.

In the event Respondent refuses or fails to follow the additional requirements or restrictions imposed by the Council, or its designee, Respondent agrees that Respondent's license shall be SUSPENDED, without further hearings, informal settlement procedures, or any right of appeal for judicial review; pending further review of Respondent by the Council, or its designee.
